# DAILY DETOX COMPLEX

Liver, Kidney and Gall Bladder Support Formula

Excellent Source of Choline

## SCIENCE BASED NUTRITION <sup>TM</sup>

- Supports Vital Organ Health
- Assists healthy Detoxification
- Contains VitaCholine®- Supports normal liver function including exporting fat from the liver as part of normal fat metabolism.
- Includes Milk Thistle - Helps support and repair liver cells that have been damaged by toxins. Contains 80% Silymarin, an antioxidant compound with anti-inflammatory properties.

- Formulated with C3 Reduct® - Tetrahydrocurcumin (THC) supports normal fat, inflammation and cholesterol levels in the liver and kidneys. It has been tested to be 250 times more potent than curcumin.
- Includes BioPerine® which has been clinically proven to enhance bioavailability of various nutrients from 31.8% to more than 229%.

## WHY DO WE NEED TO DETOX?

Each day we are exposed to toxins in our air, water, food and cosmetics. Toxins will accumulate over many years in the body. Many times we are left unaware of the harmful effects they are causing. As an example the liver can continue to function even when up to 75% is diseased. Unfortunately when it is overloaded the shut-down effects can happen very quickly.

The liver, kidneys and gall bladder are responsible for many critical functions within the body, including ridding the body of toxins. When those toxins are not cleared on a regular basis the body can become more sluggish and is more at risk for sickness and disease.

Using 2 capsules of **Daily Detox Complex Formula<sup>TM</sup>** before bedtime to support your liver, kidneys and gall bladder in removing unwanted toxins in the first step important. †

## WHAT IS CHOLINE?

“Choline is neither a vitamin, nor a mineral – it’s an essential nutrient. Choline intake is critical to prenatal development, cognitive function, liver health, muscle maintenance and energy.”  
-VitaCholine®

Today, there are about 90% of people who are not getting enough choline in their diet (According to National Health and Nutrition Examination Survey). With Daily Detox Complex<sup>TM</sup>, you can get your proper choline intake on a day-to-day basis while supporting full body detoxification. †

## SYMPTOMS OF A CHOLINE DEFICIENCY MAY INCLUDE:

- low energy levels or fatigue
- memory loss
- cognitive decline
- learning disabilities
- muscle aches
- nerve damage
- mood changes or disorders
